**S** – Sherri    **L** – LeeAnn    **AR** – Aruna

## Private & Semi Private Swim Lessons

A YMCA certified swim instructor could be just what you or your child needs to get comfortable in the water or achieve your swimming goals. Your lessons are designed to meet your specific needs. Punch cards are available for private and semi-private lessons for all ages. Please contact Sammee Schaller, aquatics director, at [sschaller@ymcagm.org](mailto:sschaller@ymcagm.org) for more information and to register. *For ages 6 months+.*

**6 Private Half-Hour Punches**  
Member: \$126  
Non-Member: \$252

**6 Semi-Private Half-Hour Punches**  
Member: \$96  
Non-Member: \$192

**A / WATER DISCOVERY** Parents accompany children in stage A, which introduces infants and toddlers to the aquatic environment through exploration and encourages them to enjoy themselves while learning about the water.

**1 / WATER ACCLIMATION** Students develop comfort with underwater exploration and learn to safely exit in the event of falling into a body of water in stage 1. This stage lays the foundation that allows for a student's future progress in swimming.

**3 / WATER STAMINA** In stage 3, students learn how to swim to safety from a longer distance than in previous stages in the event of falling into a body of water. This stage also introduces rhythmic breathing and integrated arm and leg action.

**5 / STROKE DEVELOPMENT** Students in stage 5 work on stroke technique and learn all major competitive strokes. The emphasis on water safety continues through treading water and sidestroke.

**B / WATER EXPLORATION** In stage B, parents work with their children to explore body positions, floating, blowing bubbles, and fundamental safety and aquatic skills.

**2 / WATER MOVEMENT** In stage 2, students focus on body position and control, directional change, and forward movement in the water while also continuing to practice how to safely exit in the event of falling into a body of water.

**4 / STROKE INTRODUCTION** Students in stage 4 develop stroke technique in front crawl and back crawl and learn the breaststroke kick and butterfly kick. Water safety is reinforced through treading water and elementary backstroke.

**6 / STROKE MECHANICS** In stage 6, students refine stroke technique on all major competitive strokes, learn about competitive swimming, and discover how to incorporate swimming into a healthy lifestyle.

## Which stage is the student ready for?

Can the student respond to verbal cues and jump on land?

NOT YET

**A / WATER  
DISCOVERY**

Is the student comfortable working with an instructor without a parent in the water?

NOT YET

**B / WATER  
EXPLORATION**

Can the student go underwater voluntarily?

NOT YET

**1 / WATER  
ACCLIMATION**

Can the student do a front and back float on their own?

NOT YET

**2 / WATER  
MOVEMENT**

Can the student swim 10–15 yards on their front and back?

NOT YET

**3 / WATER  
STAMINA**

Can the student swim 15 yards of front and back crawl?

NOT YET

**4 / STROKE  
INTRODUCTION**

Can the student swim front crawl, back crawl, and breaststroke across the pool?

NOT YET

**5 / STROKE  
DEVELOPMENT**

Can the student swim front crawl, back crawl, and breaststroke across the pool and back?

NOT YET

**6 / STROKE  
MECHANICS**
